This county is the perfect destination for students who wish to experience Irish culture at its finest and most authentic. In the rugged and green rolling hills of the countryside they will be made to feel right at home and will get to try out all sorts of interesting activities in their spare time. During visits to the bright lights of Galway city (the 2020 European Capital of Culture) they will be able to enjoy everything from street art and music festivals, to modern Irish food and shopping in quirky independent boutiques.

Galway is a county famous for its vibrant culture and its stunning scenery, but most of all it is known for its friendly locals who have a strong tradition of welcoming visitors and hosting international students.
