HIGHLIGHTS

Excellent teaching and sports opportunities in a friendly school environment!

- St. Macartan's College, also known as 'The Sem', has a long and proud academic tradition, with past pupils to be found in every walk of life in Ireland and abroad.
- A wide range of extra-curricular activities are available for all students including rugby, handball, soccer, creating content for the school TV channel, podcasting, choir, and debating.
- The school believes that every student is unique and has different gifts and needs. Teachers provide a broad, balanced curriculum which develops the individual's talents and abilities.
- Great location in county Monaghan, one of the most warm and friendly counties in Ireland, and just a 90-minute bus journey from Dublin.
- The school's Transition Year programme encompasses a range of learning opportunities for students, including running a mini company, participating in a mock trial, charity volunteering, work experience, school trips, road safety and animation training.
